

VP700

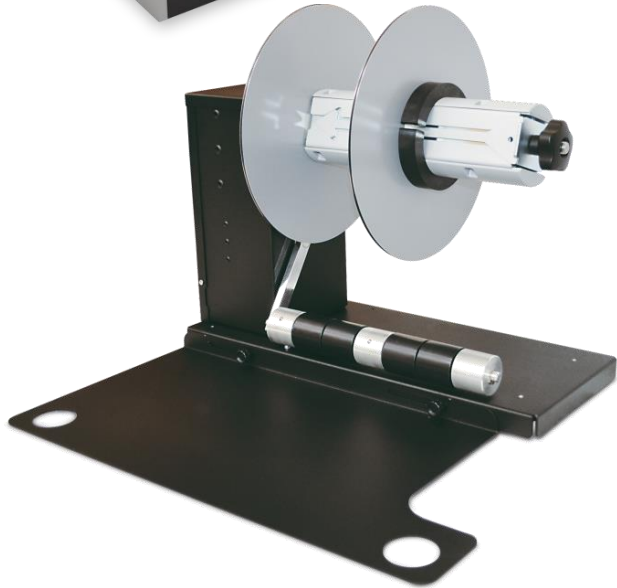

Colour Label Printer

VP700 LABEL REWINDER (02A)

Our range of motorized core holders for **VIPColor VP700** printers can handle labels up to 220mm wide, and rewind rolls having an **outside diameter up to 250mm – approx. 250 linear meters** (contact us for the availability of different outside diameter).

Rolls are Rewinded onto a 3" core holder, allows to rewind / unwind labels on face out.

Thanks to its revolutionary design and toughness, our **(RW)** Rewinders are perfect for high and heavy duty jobs.

Model **VP-700-UW02A**
* Includes an adapter plate
